

# PLH PACKING MACHINE

**Application :** Suitable for auto collecting & shrink packing various adhesive tapes.

**Specifications :** Packing Length : 200 – 380mm  
Packing Width : 60 – 350mm

Packing Height : 36 – 180mm  
Packing Speed : 5 – 15 Packs/Min

**Features:**

1. This model is designed for finished rolls packaging. The machine auto collects, counts and packs the rolls into tube or flat types.
2. This model can be adapted and used with our tape slitters (BA&BD) as a complete production line. The finished rolls will be transported via conveyor as soon as they are released from the core loader, which then pack on this model automatically.
3. Heating temperature is adjustable on different requests and suitable for various packing films.
4. All the mechanical and electrical devices conform to the CE regulation for safety operation.
