## LAMINATION & SLITTER/REWINDER

**Application:** Single shaft center-surface type winding, suitable for laminating & slitting various adhesive tapes.

**Specifications :** Machine Width : 1.0M/1.3M/1.6M Max. Unwind O.D : Main Web:600mm, Lamination:400mm  
Rewind Core I.D : 77mm Min. Slitting Width : 100mm  
Max. Rewind O.D : 600mm Machine Speed : 120M / Min

**Features:**

1. Equipped with double connected unwind bases, both are independently in operation with auto tension control.
2. The distance and the laminating pressure are adjustable to apply on different materials.
3. Slitting by shear cutter, which is designed for various material cutting.
4. Driven by connective 3 A.C motors, one for web feeding, two for rewind tension control which automatically increasing torque on the rewind shafts when finished roll grows in diameter.
5. Center-surface type winding is able to rewind various materials on different requests. Rewind arm is an automatic movable type which is convenience for finished rolls unloading.

**Optional Parts:**

1. Jumbo Rolls Crane : Connected type for lifting jumbo rolls onto unwind base quickly and efficiently.
